

Computer Performance Engineering

14th European Workshop, EPEW 2017, Berlin, Germany, September 7-8, 2017, Proceedings

This book constitutes the refereed proceedings of the 14th European Workshop on Computer Performance Engineering, EPEW 2017, held in Berlin, Germany, in September 2017.

The 18 papers presented together with the abstracts of two invited talks in this volume were carefully reviewed and selected from 30 submissions. The papers presented at the workshop reflect the diversity of modern performance engineering, with topics ranging from advances in Markov models; advances in quantitative analysis; model checking; and cyber-physical systems to performance, energy and security.

Advances in Markov models.- Advances in quantitative analysis.- Model checking.- Cyber-physical systems.- Performance, energy and security.
