

Design and Implementation of Large Spatial Databases

First Symposium SSD '89. Santa Barbara, California, July 17/18, 1989. Proceedings

The most recent developments in spatial data management are reported in these proceedings. SSD '89 brought together computer scientists and experts from application areas such as geography, computer vision, robotics, computer-aided manufacturing, and environmental information systems. This proceedings volume includes subjects such as extensible database systems, spatial data structures and index structures, spatial reasoning, geographic information systems, quadrees, and thematic map modeling.
