COLOG-88

International Conference on Computer Logic, Tallinn, USSR, December 12-16, 1988, Proceedings

This volume contains several invited papers as well as a selection of the other contributions. The conference was the first meeting of the Soviet logicians interested in com- puter science with their Western counterparts. The papers report new results and techniques in applications of deductive systems, deductive program synthesis and analysis, computer experiments in logic related fields, theorem proving and logic programming. It provides access to intensive work on computer logic both in the USSR and in Western countries.

This proceedings volume contains invited papers and selected contributions on computer logic, providing access to intensive work in this field both in the USSR and in Western countries.
