

Programming Language Implementation and Logic Programming

5th International Symposium, PLILP '93, Tallinn, Estonia, August 25-27, 1993.
Proceedings

This volume contains the proceedings of the Fifth International Symposium on Programming Language Implementation and Logic Programming (PLILP '93), held in Tallinn, Estonia, in August 1993. The series of PLILP symposiums was established to promote contacts and information exchange among scientists who share common interests in declarative programming techniques, logic programming, and programming languages implementation. Researchers from the fields of algorithmic programming languages as well as logic, functional, object-oriented, and constraint programming constitute the audience of PLILP. The volume contains three invited talks and 24 selected contributed papers grouped into parts on: integration of different paradigms, constraint programming, static analysis and abstract interpretation, grammars, narrowing, parallelism, and implementation techniques. The volume closes with six abstracts of systems demonstrations and posters.
