Computer Security - ESORICS 94

Third European Symposium on Research in Computer Security, Brighton, United Kingdom, November 7 - 9, 1994. Proceedings

This volume constitutes the proceedings of the Third European Symposium on Research in Computer Security, held in Brighton, UK in November 1994.
The 26 papers presented in the book in revised versions were carefully selected from a total of 79 submissions; they cover many current aspects of computer security research and advanced applications. The papers are grouped in sections on high security assurance software, key management, authentication, digital payment, distributed systems, access control, databases, and measures.
