

Typed Lambda Calculi and Applications

Second International Conference on Typed Lambda Calculi and Applications, TLCA '95, Edinburgh, United Kingdom, April 10 - 12, 1995. Proceedings

This volume presents the proceedings of the Second International Conference on Typed Lambda Calculi and Applications, held in Edinburgh, UK in April 1995.

The book contains 29 full revised papers selected from 58 submissions and comprehensively reports the state of the art in the field. The following topics are addressed: proof theory of type systems, logic and type systems, typed lambda calculi as models of (higher-order) computation, semantics of type systems, proof verification via type systems, type systems of programming languages, and typed term rewriting systems.
