# Constraint Databases and Applications

ESPRIT WG CONTESSA Workshop, Friedrichshafen, Germany, September, 8 - 9, 1995. Proceedings

This book constitutes the refereed proceedings of the ESPRIT Working Group CONTESSA Workshop on Constraint Databases and Applications, held in Friedrichshafen, Germany in September 1995.
The 10 full revised papers selected for inclusion in this volume are written by and for practitioners, researchers, and application users of core constraint database technology; they can be classified in three sections on expressiveness of the various constraint database models; implementation and optimization issues in areas like spatial databases, geographic information systems, scheduling and routing. This book is the first to focus on the extension of the important new programming paradigm of constraint processing to database design and management.
