

Dembowski

Finite Geometries

Reprint of the 1968 Edition

From the reviews: "Such a vast amount of information as this book contains can only be accomplished in 375 pages by a very economical style of writing. it enables one to have a good look at the forest without being too detracted by the individual trees. The author deserves unstinting praise for the skill, energy, and perseverance which he devoted to this work. The finished product confirms what his many earlier contributions to the subject of finite geometry have already indicated, namely, that he is an undisputed leader in his field." Mathematical Reviews

Artikelnummer: 9783540617860

Medium: Buch

ISBN: 978-3-540-61786-0

Verlag: Springer

Erscheinungstermin: 16.12.1996

Sprache(n): Englisch

Auflage: Nachdruck of the 1. Auflage

Berlin Heidelberg New York 1968

Serie: Classics in Mathematics

Produktform: Kartoniert

Gewicht: 598 g

Seiten: 379

Format (B x H): 155 x 235 mm
