

Software Reuse: Advances in Software Reusability

6th International Conference, ICSR-6 Vienna, Austria, June 27-29, 2000 Proceedings

This book constitutes the refereed proceedings of the 6th International Conference on Software Reuse, ICSR-6, held in Vienna, Austria, in June 2000.

The 26 revised full papers presented were carefully reviewed and selected from numerous submissions. The book is divided into topical sections on generative reuse and formal description languages, object-oriented methods, product line architectures, requirements reuse and business modeling, components and libraries, and design patterns.
