Medical Image Computing and Computer-Assisted Intervention - MICCAI 2007

10th International Conference, Brisbane, Australia, October 29 - November 2, 2007, Proceedings, Part II

This title is part of a two-volume set that constitute the refereed proceedings of the 10th International Conference on Medical Image Computing and Computer-Assisted Intervention, MICCAI 2007. Coverage in this second volume includes computer assisted intervention and robotics, visualization and interaction, neuroscience image computing, computational anatomy, innovative clinical and biological applications, general biological imaging computing, computational physiology.

Computer Assisted Intervention and Robotics - II.- Visualization and Interaction.- Neuroscience Image Computing - I.- Computational Anatomy - II.- Innovative Clinical and Biological Applications - II.- Spectroscopic and Cellular Imaging.- Spatio-Temporal Registration.- General Medical Image Computing - III.- Computer Assisted Intervention and Robotics - III.- General Biological Imaging Computing.- Neuroscience Image Computing - II.- Computational Anatomy - III.- Computational Physiology - II.- Innovative Clinical and Biological Applications - III.
