

## Essential Visual Basic 5.0 Fast

Includes ActiveX Control Development

Visual Basic has sold over 4 million copies and is the most widely used development environment for creating Windows 95 applications. Developers enjoyed using the powerful, intuitive facilities in version 4 but wanted more. Version 5 is the latest and best version which significantly extends the power of previous versions and offers a range of new features, in particular Active X component development. If you are new to Visual Basic or an existing Visual Basic user Essential Visual Basic 5.0 fast is written to give you the critical information that you need to write object oriented applications in Visual Basic 5 fast. New features, in particular how to write Active X components and how to use the Visual Data Manager, are covered in detail, with many examples. Essential Visual Basic 5 is designed for professional developers or students who need to learn the maximum in the minimum time and to develop applications fast.
