

Functional and Logic Programming

9th International Symposium, FLOPS 2008, Ise, Japan, April 14-16, 2008, Proceedings

This volume contains the proceedings of the 9th International Symposium on Functional and Logic Programming (FLOPS 2008), held in Ise, Japan, April 14–16, 2008 at the Ise City Plaza. FLOPS is a forum for research on all issues concerning functional programming and logic programming. In particular it aims to stimulate the cross-fertilization as well as integration of the two paradigms. The previous FLOPS meetings took place in Fuji-Susono (1995), Shonan (1996), Kyoto (1998), Tsukuba (1999), Tokyo (2001), Aizu (2002), Nara (2004), and again Fuji-Susono (2006). Since its 1999 edition, FLOPS proceedings have been published by Springer in its Lecture Notes in Computer Science series, as volumes 1722, 2024, 2441, 2998 and 3945, respectively. In response to the call for papers, 59 papers were submitted. Each paper was reviewed by at least three Program Committee members, with the help of expert external reviewers. The Program Committee meeting was conducted electronically, for a period of two weeks in December 2007. After careful and thorough discussion, the Program Committee selected 20 papers (33%) for presentation at the conference. In addition to the 20 contributed papers, the symposium included talks by three invited speakers: Peter Dybjer (Chalmers University of Technology), Naoki Kobayashi (Tohoku University) and Torsten Schaub (University of Potsdam).
