

Milliken

African Pilgrimage

Reports and Reflections from Tanzania

Father Damian Milliken has lived and served as a Missionary Benedictine for more than 60 years in Tanzania. In his reminiscences, he shares his impressions and experiences and how Africa transformed him over the years just as Tanzania itself has changed considerably in recent decades. In a very personal and often humorous way, Father Damian allows the reader to follow his manifold discoveries and encounters, and his growing involvement with top-grade education for African women.
