

Beyond Mysteries

the Local World of Ancient Eleusis

Situated at the crossroads between Athens, Boiotia, Megara, and Salamis, Eleusis was exposed to the changing fortunes in a connected world. From the Athenian perspective, Eleusis marked the fringes of their territory. From everybody else's point of view, it was a destination or a gateway: to Athens, the Saronic region and the Aegean, Central Greece, or the Peloponnese. In the midst of these itineraries, the Eleusinians had their own ideas about the world writ-large. This volume delves into the local horizon of the site, its agents and stakeholders, the stories that moved them, and the places where interactions took place.
