

Nature Inspired Computing

Proceedings of CSI 2015

Presents Nature Inspired Computing, which highlights the practical aspects of Computational Intelligence. Also covers work on robotics support for Artificial Immune Systems. Highlights new advancements and applications in the field of nanoelectronics.

This volume comprises the select proceedings of the annual convention of the Computer Society of India. Divided into 10 topical volumes, the proceedings present papers on state-of-the-art research, surveys, and succinct reviews. The volumes cover diverse topics ranging from communications networks to big data analytics, and from system architecture to cyber security. This volume focuses on Nature Inspired Computing. The contents of this book will be useful to researchers and students alike.
