Mishra / Basu / Tyagi

Silicon Photonics & High Performance Computing

This book comprises selected contributions to the Computer Society of India's annual convention. Divided into 10 topical volumes, the proceedings present papers on state-of-the-art research, surveys and succinct reviews, covering diverse topics ranging from communications networks to big data analytics, and from system architecture to cyber security. This volume focuses on silicon photonics & high performance computing, offering valuable insights for researchers and students alike.
