

Technology-Enabled Work-System Design

Select Proceedings of HWWE 2018

This volume presents selected papers presented during the 16th International Conference on Humanizing Work and Work Environment (HWWE 2018). The book presents a confluence of ideas on ergonomics and technology implementation to improve workplace environments and work systems to maximize effectiveness and performance. The volume is thematically arranged, with papers covering different aspects of ergonomics and design. The volume will be of use to researchers, practitioners and students working in different fields of ergonomics.
