

Genetic and Evolutionary Computing

Proceedings of the Seventeen International Conference on Genetic and Evolutionary Computing, December 18–23, 2025, Fuzhou and Nanyang, China

This book contains accepted papers presented at ICGEC 2025, the 17th International Conference on Genetic and Evolutionary Computing, held from 18-23 December, 2025, in Fuzhou (Fujian province) and Nanyang (Henan province), China. The conference is intended as an international forum for the researchers and professionals in all areas of genetic and evolutionary computing. And the readers know the up-to-date techniques of the mentioned topics, including swarm intelligence, artificial intelligence, information hiding, and data mining techniques, which can help them to bring new ideas or apply the designed approaches from the collected papers to their professional jobs.
