

Work Integrated Learning-Directions for the Future

Select Proceedings of ICONWIL 2024

This book delves into the comprehensive domain of work-integrated learning, presenting a collection of insights and research on diverse aspects that shape its landscape. With a keen focus on international perspectives and innovative approaches, this book aims to foster a deeper understanding of the intersection between academia and industry. This book presents a comprehensive and forward-thinking exploration of work-integrated learning, blending international perspectives, innovative pedagogies, digital transformations, AI leverage, and a focus on the future workforce. It involves sharing research findings and innovative ideas, as well as discussing challenges and practical solutions in the field of Work Integrated Learning.
