

Current Progress in Engineering Sciences

Select Papers of RIC 2024, Volume 1

This book features selected proceedings of the Ninth Research & Industrial Conclave (RIC 2024), held from August 9 to 11, 2024, under the theme "Integration'24." It includes papers spanning a wide range of disciplines, including Civil, Mechanical, Electrical, Electronics, Computer, and Chemical Engineering. In today's rapidly evolving technological landscape, the integration of diverse engineering domains is more important than ever, as traditional disciplinary boundaries continue to blur. The contributions in this volume emphasize the significance of sustainability and interdisciplinary research. This book serves as a valuable reference for students, researchers, and industry professionals seeking to stay informed about the latest advancements and trends in engineering and technology.
