Recent Advances in Manufacturing Engineering

Select Proceedings of RADM 2024

This book comprises the proceedings of the 1st International Conference on Recent Advances in Design and Manufacturing (RADM-2024). The contents of this volume focus on recent technological advances in the field of manufacturing. Some of the topics covered include additive manufacturing, design automation, process automation and monitoring, etc. It further covers analytical modeling and experimental verification of the various manufacturing process. This book will be a valuable reference for researchers and professionals interested in design and manufacturing technology.
