Journal of Safety Research

The Journal of Safety Research is a multidisciplinary publication that provides for the exchange of scientific evidence in all areas of safety and health, including traffic, workplace, home, and community. While this research forum invites submissions using rigorous methodologies in all related areas, it focuses on basic and applied research in unintentional injury and illness prevention. Affiliated with the National Safety Council, it seeks to engage the global scientific community including academic researchers, engineers, government agencies, policy makers, corporate decision makers, safety professionals and practitioners, psychologists, social scientists, and public health professionals.
