

Administration & Society

Administration & Society advances your understanding of public and human service organizations, their administrative processes and their effects on society. Empirical research reports and theoretical articles provide thoughtful and significant analyses of administrative issues at the federal, state and local levels. Written by authors from a variety of fields, articles address such concerns as: - forces - political, social, economic, psychological - that shape administrative goals and performance processes by which policies are formulated, implemented and changed - relationships between groups and organizations - theory and practice of bureaucratic politics - evaluation of the effects of policies on society
