Naval Research Logistics

Naval Research Logistics (NRL) journal solves operations and analysis problems in business, industry and government. Founded in 1954, we've been a leader in our field for decades. While we retain our original interest in naval and military applications, today we're known for our strong track record publishing the finest operations research across a wide range of topics. We publish papers that make major methodological advances in operations research and management, and welcome submissions that apply modeling and analysis to solve real-world problems in a wide range of sectors and industries.
