

Neurology Today, the official news source of the American Academy of Neurology (AAN), reports on breaking news, issues, and trends in the practice and science of neurology, reaching more than 387,000 professionals. It delivers credible, up-to-the-minute, balanced, cutting-edge reporting and commentary for today's busy neurology professionals. Published in print twice a month with the latest developments and online-only coverage on NeurologyToday.com, Neurology Today also gives readers the inside track to key clinical and basic science advances from the AAN and its official journal, Neurology, as well as other peer-reviewed neurology and medical journals. Opinions expressed by the authors are not necessarily those of the American Academy of Neurology, its affiliates, or of the Publisher. The American Academy of Neurology, its affiliates, and the Publisher disclaim any liability to any party for the accuracy, completeness, efficacy, or availability of the material contained in this publication (including drug dosages) or for any damages arising out of the use or non-use of any of the material contained in this publication.
