Pediatric Emergency Care

Dedicated to the care of the ill or injured child, Pediatric Emergency Care® features must-have information dedicated specifically to pediatric and adolescent emergencies. Brought to you by pioneers in the field of pediatric emergency medicine, this invaluable resource addresses the most immediate acute care management problems such as pediatric airway management, acute trauma, sharp object ingestion, and toxicology. Pediatric Emergency Care® publishes clinically relevant original articles with an emergency medicine perspective. The journal is aimed at both the pediatrician who wants to know more about treating and being compensated for minor emergency cases and the emergency physicians who must treat children or adolescents.
