

Action Research

Action Research is an international, interdisciplinary, peer-reviewed journal, which is a forum for the development of the theory and practice of action research. The aim of the journal is to offer a viable alternative to dominant 'disinterested' models of social science, one that is relevant to people in the conduct of their lives, their organizations and their communities. The journal publishes quality articles on accounts of action research projects, explorations in the philosophy and methodology of action research, and considerations of the nature of quality in action research practice.
