

Chinese Geophysical Society

Applied Geophysics

Applied Geophysics was started in 2004 by the Chinese Geophysical Society, and today is a unique, comprehensive English language periodical, distributed in China and abroad. Applied Geophysics creates an academic realm for scientific researchers, engineers, and professors in geophysics, where they can publish and exchange their experiences in scientific research, production results, and production management, aiming to reflect and represent achievements in the Chinese applied geophysics sector, and also to publish the research and practices of geophysicists from around the world.
