

Editor-in-Chief: Shengchang Wen

Journal of Ocean University of China

Oceanic and Coastal Sea Research

The Journal of Ocean University of China (Oceanic and Coastal Sea Research) covers such branches of marine science and technology as meteorology, environment sciences and engineering, life sciences, fishery sciences, food sciences and food engineering, chemistry and chemical engineering, geology, remote sensing, and information technology and management. The journal was established in 2002 as one of the official journals of the Ocean University of China. This quarterly journal is published in English so as to serve a wider circle of international readers.
