

Editor-in-Chief: Boris N. Chetverushkin

Mathematical Models and Computer Simulations

Mathematical Models and Computer Simulations contains English translations of selected papers written in Russian and papers in English from researchers worldwide published in Matematicheskoe Modelirovanie, a peer-reviewed monthly journal of the Russian Academy of Sciences. The journal publishes high quality and original articles at the forefront of development of mathematical models, numerical methods, computer-assisted studies in science and engineering with the potential for impact across the sciences, and construction of massively parallel codes for supercomputers. The problem-oriented papers are devoted to various problems including industrial mathematics, numerical simulation in multiscale and multiphysics, materials science, chemistry, economics, social, and life sciences.
