

SCIENCE CHINA Materials (SCMs) is an international peer-reviewed journal that covers all aspects of materials science. The journal is supervised by the Chinese Academy of Sciences, and co-sponsored by the Chinese Academy of Sciences and the National Natural Science Foundation of China. It is jointly published monthly in both printed and electronic forms by Science China Press and Springer. The mission of SCIENCE CHINA Materials is to encourage communication of high quality, innovative research results at the cutting-edge interface of materials science with chemistry, physics, biology and engineering, especially focusing on breakthroughs made by Chinese scientists, and it is aimed to become a world-leading academic journal of materials science.
