

China Population and Development Studies

This journal provides an international platform for discussions on topics related to various population phenomena and development issues, complemented by a strong representation of the research trend and achievement in China and other Asian countries. The journal, hosted by China Population and Development Research Center, draws on the energetic and resourceful Chinese research community as well as in close contact with the Asian research community in the area, features the Asian perspective on the field of population studies. This journal publishes original research papers including empirical studies, theoretical and methodological analysis, policy reviews, and survey reports in population and development related fields. Interdisciplinary perspectives are also encouraged to help improving understandings of demographic dynamics as well as refining research methods.
