Journal for Nurses in Professional Development

The Journal for Nurses in Professional Development is a specialized source of information for nursing professional development (NPD) specialists in all healthcare settings. The journal provides NPD specialists with information on planning, implementing, and evaluating educational activities; teaching/learning methods; administration of departments; business aspects; evidence-based and best practices; research in the specialty; technological or other innovations; and issues in nursing professional development that influence the specialty. The journal was recently accepted to the Emerging Sources Citation Index (ESCI) in Web of Science. Member Benefit of the Association for Nursing Professional Development (ANPD).
