

Advanced Theory and Simulations

Advanced Theory and Simulations, part of the prestigious Wiley Advanced portfolio, is a multidisciplinary journal publishing scientific results focusing on the development and application of theoretical methods, modeling and simulation approaches in all natural science and medicine areas. With our broad scope, we offer a home for researchers in materials, chemistry, engineering, life sciences, medicine, and more to share interdisciplinary studies, traditional and emerging methods, and applied and fundamental perspective with predominantly theoretical or modelling approaches. The Advanced portfolio from Wiley is a family of globally respected, high impact journals that disseminates the best science from well-established and emerging researchers so they can fulfill their mission and maximize the reach of their scientific discoveries.
