Indian Economic Review

Journal of Delhi School of Economics

The Indian Economic Review is the journal of the Department of Economics, Delhi School of Economics, India. Founded by V.K.R.V. Rao in 1952, the Indian Economic Review is a general economics journal. It provides a platform for dissemination of innovative research in economics that employs theoretical and empirical approaches. It has over the years featured the work of leading economists including Nobel laureates on a wide range of topics in economics. The objective of the journal is to publish high quality papers from contributors across the world, on substantive issues, that will have a lasting impact.
