

Editor-in-Chief: Jianhai Xiang

Journal of Oceanology and Limnology

Journal of Oceanology and Limnology (JOL) aims to disseminate original research articles in the forms of review, research paper, and note. JOL welcomes high-quality articles on aspects of oceanology (oceanography) and limnology from all over the world, including those in academic coverage: biology (bioinformatics, bioengineering), physics (mathematical and computational physics), geology (sedimentology, geophysics, paleontology, geochemistry), chemistry (geochemistry, biochemistry), hydrology, meteorology, and geography; and those in practical coverage: aquaculture, marine resource exploration, remote-sensing, environmental protection, marine engineering, pharmacology, and instrumentation.
