Dimitris Bertsimas, Editor-in-Chief

INFORMS Journal on Optimization

INFORMS Journal on Optimization (IJO) includes the following new areas: data-driven optimization; optimization methods in machine learning; and exciting real-world applications of optimization. In addition, the journal will publish papers in more traditional areas of optimization. Especially welcomed are contributions studying new and significant applications. A nonexclusive list of application areas the journal covers is: healthcare; inventory and supply chain management; logistics; revenue management and pricing; energy; the Internet; interfaces with computer science; and finance.
