Advances in Accounting

Founded in 1984, Advances in Accounting publishes original research that promises to advance our understanding of accounting over a diverse range of topics and research methods. The Journal welcomes research of significance across a wide range of basic and applied research methods including analytical, archival, experimental, survey and case study. Research published in Advances in Accounting demonstrates original demanding analysis of issues of importance in the areas of financial and managerial accounting, taxation, auditing, government and nonprofit accounting, social and environmental accounting, accounting information systems, forensics and public policy.
